### **3. STUDENT SUPPORT, SERVICES AND PROGRESSION INFRASTRUCTURE & RESOURCES**

#### **3.3. ICT Facilities**

##### **3.3.5. Use of ICT facilities**

**Response: 100 %**

All teachers in the institution are actively utilizing ICT (Information and Communication Technology) facilities to enhance the teaching-learning process. A well-structured rotation system has been implemented, ensuring that every educator has access to the necessary technological tools and resources to deliver engaging and effective lessons. This strategic approach not only optimizes the use of available ICT infrastructure but also provides students with diverse and enriched learning experiences.

Through a well-structured rotation system, nearly 100% of students benefit from these resources, gaining hands-on experience and access to digital content that supports their academic growth.
